Legion Memorial Park Approved

Coleman council, at its meeting February 8th, ratified a document for the Crows Nest Pass Recreation Board, approving the Board drawing up a brief for presentation to the Provincial Government.

The brief will request the government to consider adopting a new policy whereby a Regional Recreation Director may be appointed to direct a recreation program in the Crows Nest Pass under local supervision of the Crows Nest Pass Recreation Board.

The director would be paid by the government and would be in the Pass on a three- to five-year trial basis. Approaching the council on the matter were Gordon Muspratt of Blairmore, accompanied by Coleman Board members Mike Vrabec, engineer for Underwood, McEellan and Associates, was present and introduced engineer draftsman Dick Kamikawazi, who will be replacing him as resident engineer on the sewerage project.

Mr. Vrabec advised that progress was being made on the installations at the pump house. He informed council that the engineering firm recommended that Tollerup Construction Company, who are doing sewerage and water line installations for the town, be paid an additional 40c per lineal foot for frost removal. He added that it is expected that the sewerage system will be in use this summer. Council will be arranging for charging the frontage tax this year for the sewerage service.

L. O. Smith, Associate Planner of the Old Man River Planning Commission, was present and discussed a number of proposed land plans with council.

A discussion on urban renewal whereby the business section of the main street would be moved north of its present location, was held and it was decided that meetings between Mr. Smith, the council and the business men be held on March 21 and March 29 to discuss this matter.

A letter was received advising that provincial approval had been given to the town's plans for building a Legion Memorial Centennial Park. The application for approval has now been forwarded to the Federal Government for

sanction.

A letter was received from Geo. Knight, owner of Natal Forest Products, advising that the company will do all possible to eliminate any smoke nuisance that is caused by the company's burner.

Fire Chief Henry Zak presented council with a statement of equipment the brigade would like the council to consider purchasing when the budget is drawn up. The statement was presented to the Fire and Water committee.

Fire Chief Zak may attend the annual Fire Chiefs' convention to be held in Red Deer in mid-March.

Councillor Mel Cornett was appointed to represent Coleman on a Crows Nest Pass Emergency Measures Organization that will be holding meetings in the immediate future.

Approval was given to the paying of \$200.00 as the last quarter of last year's school foundation program requirement.

A by-law is to be drawn up for reading at the next meeting authorizing council to borrow up to \$20,000 to meet current expenditures.

A letter from the town is to be sent to the provincial government requesting that consideration be given to the construction of a Senior Citizens' Home in the Crows Nest Pass.

Approval was given to the Pass Dairy to operate on a five-day per week basis so that employees could enjoy a 40-hour work week. Wednesday will be the day milk is not delivered house-to-house.

Secretary Glen Sweet advised that letters had been sent out in an attempt to collect \$3400 in delinquent business tax, which has accumulated over the past nine years. Some response is being received.

A lengthy discussion was held on a proposed wage scale for town employees and will continue at a special meeting to be held Sunday afternoon at 3 p.m. to finish the meeting's heavy agenda.

Family Service Bureau

I have heard for many years of the differences fostered between the towns of the Crows Nest Pass. I've read accounts, and written account, and been involved with incidents which perpetuate the notion that there was, is, and probably will be, fuel to feed the feud.

For the same number of years I have witnessed good things in our area. We are known as a "Melting Pot" and truly, we are. Where else would you find so many races represented with such complete indifference as to where they or their forebears came from? Where else could members of so many religious orders get along by supporting and helping one another?

Where else would members of the Knights of Columbus plan work bees with the A.O.T.S. to help a cause that neither of them has sponsored? Where else would a board of directors for a good cause comprise so diversified a group? I speak now of those men and women who are working to make available to those in need the counselling services of a Catholic Sister and a United Church Minister: The Board of Directors of the Family Service of Crows Nest Pass and Pincher Creek. I would like to present them to you in the next few issues of this newspaper.

Hold Successful Whist Drive

Victoria Rebekah Lodge held a successful whist drive on Saturday, February 12th in the L.O.O.F. Hall.

Honors went to — ladies' first, Mrs. Mary McKinnon; second to Mrs. Paulette Pedusen of Blairmore.

Gen's first went to Mr. O. Pedusen of Blairmore, and second to Mr. J. Howard.

The Canadian and American Red Cross have a reciprocal agreement to supply free blood to tourists who may need transfusions while visiting in their neighboring countries.

Coleman Teams Win Two Games; Ask Public Support

Coleman Senior pee wee hockey team took first place in a game against the Bellevue Senior pee wee team with a 2-1 score on February 5th. Gay Genze and Tom Pharis blinked the red light for Coleman and the loner for Bellevue was scored by Peter Vastenhout.

On the same card the Coleman bantams downed the Blairmore visitors by a 12-2 score.

Gate for both games was split between the two Coleman teams, and thanks is expressed to all who supported the teams.

Coleman Senior pee wees financial statement so far this term indicates that \$10 was spent for spare sticks, \$1.60 for tape, 75c for whistles, phone calls \$2.00, goal mask \$9.95 and pucks \$1.80.

A total of \$16.75 was realized from the gate for two games of inter-rink rinks were paid. The club still requires two spare sticks and a goalie stick.

The club has expressed thanks to the caretakers at the arena and the executive of the Athletic Association for the co-operation given to the club, and also to those persons who provided transportation for out of town games.

The club is appealing to the public to turn out to games and support the boys in their efforts to obtain the equipment that is still needed to finish the season.

Legionnaires To Play Calgary Burns

Two exhibition hockey games will be played in the Coleman arena this week-end, February 26 and 27, when the Coleman Legionnaires will meet the Calgary Burns in what is expected to be two fast games of hockey.

Face-off time will be Saturday, February 26, at 8:30 p.m. and on Sunday, February 27 at 2 p.m.

An advance sale of booster tags is now being made. Let's turn out to boost our local team.

Ted Michalsky Top Award Winner

The active part that Fish and Game Associations can play in conservation of wildlife and fish, preventing soil, air and water pollution, was strongly emphasized by Joe Balla, president of the Alberta Fish and Game Association, who spoke to over 100 Crows Nest Pass sportsmen in Coleman, February 19.

Mentioning that the industrial potential of the Crows Nest Pass has not yet been scratched, Mr. Balla urged the Fish and Game to take a firm stand in trying to promote the new industries to co-operate in keeping soil, air and water clean for the benefit of all. He spoke on the work of the Alberta Fish and Game Association and the recent convention held in Banff where several resolutions of local delegates had been passed.

Mr. Balla commended the late Andrew "Andy" Dow of Coleman, who, for his fine efforts and work in forest and game conservation, had been awarded a certificate of merit from the Alberta Fish and Game Association.

Bruce Stewart of Calgary, the secretary-manager of the Alberta Fish and Game Association, was the featured speaker and with the aid of movie films and colored slides provided an entertaining program showing the movement of elk from the Banff district to Spirit River country. The film depicted how the elk are trapped in a coral, blood tests and other medical data gathered, and transportation of the herd of elk to the north country. A film on fishing in Chilean waters in South America, was extremely well enjoyed.

William Hamilton of Calgary, chairman of the Fish Committee of the Alberta Fish and Game Association, spoke briefly and he pledged his support in doing all possible to look into some of the problems of fishing in this area.

Mr. Hamilton, appointed to his position for the next two years, advised he would give his personal attention to the local problems.

John Booker, Fire Control Officer, of the Crows Nest Forest

offices in Blairmore, spoke on the vital need of conservation in this area. He pointed out that this was the only area that was within a couple of hours' drive from the cities to the east of the Pass. He stressed the importance of keeping the Crows Nest Pass district green and good and in laying the foundation today for the enjoyment of generations 50 years from now.

Del Hereford, ranger of Blairmore Forestry offices, spoke briefly on how game such as elk and moose have increased in number over the years in this area. He also commented on how the numbers of sportsmen had increased, stating that where a few years ago one fisherman would be fishing a stretch of river, today one could find 15 men fishing the same stretch.

John Deans, supervisor of the Coleman Junior Forest Wardens, gave a resume' of activities of this group. He advised that although the young boys were not yet able to help with forest conservation work, they were being taught woodlore, how to enjoy the forest and how not to abuse the woods.

After a one minute silence was observed in respect of Andy Dow, prizes were presented — moose, Ted Michalsky and Doug Plant, Mule deer, Melvin Pisony and Scotty Flemming, Goat, Melvin Pisony and Ted Michalsky, and sheep, Ted Michalsky.

Fish prizes were awarded to Joe Biegun and Skip Getman. A buffet supper was enjoyed. A set of dishes, donated by the Fish and Game Association was drawn for and won by Skip Getman.

The event is to be held in the Isabelle Sellen high school auditorium in Blairmore, March 7, 8 and 9.

Mr. Hancock served for many years as church organist and the choirmaster in Saskatoon, North Battleford and Regina, Sask.

Prior to his present appointment as secretary manager of the Saskatchewan Association of Music Festivals in 1958, Mr. Hancock was a member of the teaching staff of the Regina Conservatory of Music.

Mr. Hancock, with his wife Mosie, concertized as a duo piano team appearing in many western communities. For the past seven years they have produced two programs of fine music each week for radio station CKCK, Regina.

He is a Fellow of the Trinity College of Music, London, the vice-president of the Federation of Canadian Music Festivals and member of its advisory committee.

Rec. and Culture Boards Say 'Thanks'

The newly established Crows Nest Pass Cultural and Recreational Board wish to thank the governing bodies from Coleman to Cowley inclusive, for the complete and unified support in their effort to obtain ratification of the Provincial Government for a regional recreation director.

Mr. Kovach, MLA, received the ratified requests at a board meeting on Thursday, February 10th, and will carry them to Edmonton for consideration of the Hon. Mr. Howlrich.

Wm. Kovach Speaker At Meeting Of Senior Citizens

William Kovach, MLA, was the speaker at the meeting of the Coleman Senior Citizens' and Old Age Pensioners' held in the Coleman Elks hall.

Mr. Kovach's address embraced various items, including the forthcoming nursing home to be built in Blairmore, Senior Citizens' homes and old age pensions.

President Mrs. Nora Goulding informed the meeting a brief submitted by the Lethbridge Senior Citizens to the Coleman group for signatures, had been circulated and signed and was to be sent to Lawrence Kindt, M.P. The brief supported the action being taken to raise the pensions to \$100 per month.

President Goulding called upon and commended R. Scaba for his excellent work towards increasing membership. Mr. Scaba signed up a total of 123 new members, bringing the strength up to a grand total of 170 members. Mr. Scaba has accepted the position of membership secretary.

President Goulding called for volunteers to act on the group's Sick committee and respondents were Mr. and Mrs. H. Hammer, Mr. Scaba and Mrs. J. Rinaldi.

The Lunch committee for the next quarter will comprise Mrs. J. Rogers, Mrs. M. McKinnon, Mrs. C. Horn and Mrs. J. Joseph.

The matter of holding the annual Christmas party in December instead of June, was discussed and approved.

In respect of a deceased member the Organization Charter was drafted and all members sang the hymn "Abide With Me".

The committee then served a lunch, during which time Mrs. J. Rushton was honored on the occasion of her birthday.

VIEWING HIGHLIGHTS FOR THE COMING WEEK

FEBRUARY 26 - MARCH 4

Carl Brewer, the controversial star defenceman of the Toronto Maple Leafs, who very suddenly and without explanation, gave up his hockey career during his prime will be interviewed Sunday, February 27 at 2 p.m. on Through The Eyes Of Tomorrow. Interviewing Brewer on the CBC network TV show will be former professional football player John McMurtry. On the same program co-hosts Paul Saltzman and Janet McQuillin will interview the outspoken broadcaster and journalist Pierre Berton, and the cameras will take viewers on a visit to Toronto's Variety Village, a school for handicapped boys.

"Mr. Relaxation", Perry Como, returns to the network for another Show of the Week, Monday, February 28 at 9 p.m. His guests will be the multi-talented, much-troubled Judy Garland and Bill Cosby, stand up comic and co-star of the highly rated new spy series "I Spy".

The Public Eye, Tuesday at 10:30 p.m., will present the second of two programs dealing with the shape of modern capitalism. It will investigate the question of how modern capitalism functions, in a society where the vast majority of people are not functioning capitalists. Eric Kierans, former president of the Montreal Stock Exchange, and now minister in the Quebec government, explains corporate capitalism and notes that the time has passed when any private individual can launch a major economic enterprise.

"Wind Fever" is the title of the Bob Hope Theatre presentation on Wednesday at 8:30 p.m. William Shatner, Pippa Scott, John Cassavetes and Wilfred Hyde-White star

in this drama about a medical research scientist seeking a cure for tropical fever and finding himself charged with criminal negligence and murder.

When "Heloise and Abelard" was first telecast on Festival November 24th, it was acclaimed by critics as "a television achievement of monumental proportions" and "a sensitive and magnificent production".

The powerful love story of the 12th century philosopher and theologian, Abelard, and the beautiful Heloise who was his pupil will be re-told on Festival, March 2nd, at 9:30 p.m. Michael Kane stars as Abelard and Susan Clark as Heloise, with Jack Creley as Canon Fulbert.

Telescope has an off-beat offering Thursday at 9:30 p.m. Subtitled Fall Guy, the program provides an interview by host Fletcher Markle with stuntman Bob Simmons who has done almost every imaginable kind of stunt in the script for such films as Dr. No, From Russia With Love and Genghis Khan.

Speaking of movies the Friday Night Movie is "Town Without Pity", starring Kirk Douglas, E. G. Marshall, Christine Kaufman and Frank Sutton.

Four United States soldiers in occupied Germany assault a teenage girl and are speedily brought to trial. Major Steve Garrett, appointed to defend them, is personally repelled by the crime, but vows to keep the unsavory quartet from the gallows.

The girl's father refuses to keep her off the witness stand and the Major is forced to destroy her reputation in order to win the case.

ALBERTA JUNIOR CITIZEN OF THE YEAR BULLETIN: YOUNG BASHAW SINGER HONORED

Theresa Becher is a beautifully natural lyric soprano. She has proved herself a worthy Junior Citizen of the Year by unselfishly giving her talent to her community. She has performed for the enjoyment of others at Christmas Festivals, Rotary Club functions, variety concerts, school activities, weddings and wedding anniversaries.

At sixteen, Theresa passed two musical examinations with honors. She pays for her own singing lessons by working after school and on Saturdays at a local bakery.

The adjudicator in the Provincial Singing Finals stated,

"Theresa is an artist. Her high notes are ravishing". She has brought great joy and recognition to her community by her dedication to her art.

We congratulate Theresa. Our thanks to Alberta's Weekly Newspaper Editors for their active co-operation in the Alberta Junior Citizen of the Year program, sponsored by Alberta's investor-owned electric utility companies.

This is one of a series of Junior Citizen Award announcements. Our special thanks to W. R. Newsom, Editor of the Bashaw Star and to Theresa's nominator, Mrs. J. G. Pearson of Bashaw.
